VIS - 80m LUXURY MOTOR YACHT - designed by FRANCESCO PASZKOWSKI DESIGN specially for FINCANTIERI YACHTS

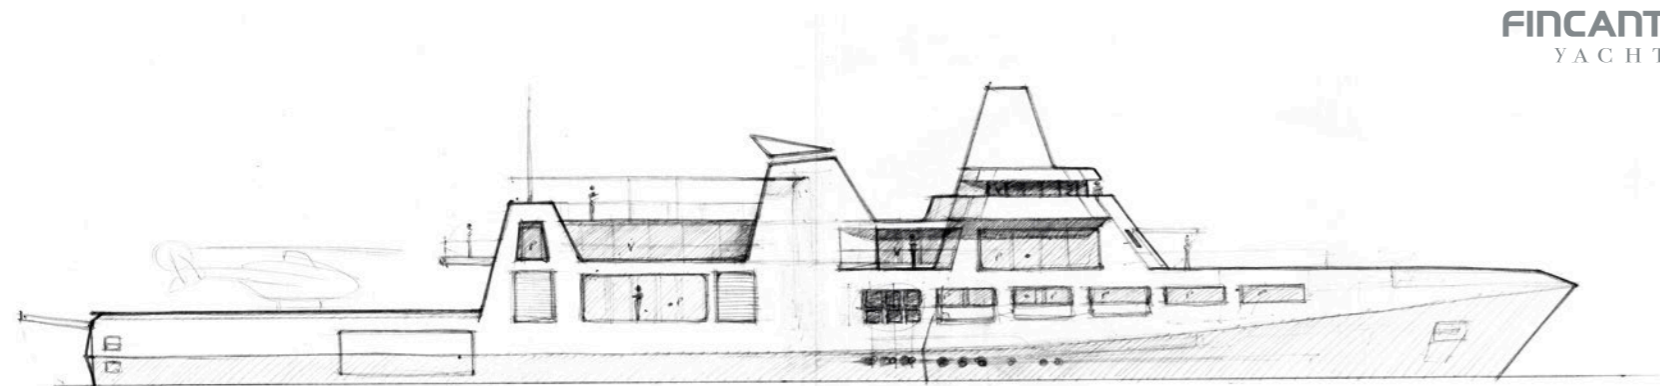

# FINCANTIERI YACHTS, TECHNOLOGY OF BEAUTY

---

Fincantieri yachts are products of outstanding quality. They are the final result of a special synergy of advanced technical, design and construction capabilities, perfected over more than two centuries of experience building all types of oceangoing vessel. We infuse into every yacht the passion for quality and a keen eye for detail stemming from the experience of generations of skilled engineers, craftsmen and leaders that are the Fincantieri team. They operate together in sophisticated yards like Muggiano supported by the world's finest yachting subcontractors.

Vessels are designed and constructed with precision under the watchful eye of skilled project managers, combining the best design and production techniques with managerial expertise at the disposal of discerning owners who seek excellence, in an open and proactive interaction that is pleasant, flawless and rewarding.

# UNCONVENTIONAL ATTRACTION

---

I accepted the offer to design a mega-yacht for Fincantieri Yachts enthusiastically because I saw the commission as the perfect occasion to explore the possibilities of combining Fincantieri's long-standing heritage in designing technologically advanced navy vessels with my personal experience in designing luxury leisure yachts.

The resulting design is an unconventional 6-deck 80m-yacht whose austere lines recall navy vessels, but whose liveability is enhanced by open-air areas and the comforts of a mega-yacht.

The yacht's generous size allowed for interior spaces as large as those of a cruise ship. In keeping with the yacht's exterior look, the interiors too are done in a minimal, contemporary style.

While floor-to-ceiling glazed surfaces light up the interiors, they are masked from the outside by a film coating that matches the hull colour so that they don't detract from the yacht's austere look.

THE ENERGY OF OUR DNA

Length overall	80.8 m
Max beam	14.2 m
Full load draught	4 m
Gross tonnage	abt 2470 GRT
No. of decks	6
Owner and guests cabins	7
Owner and guests capacity	14
Crew and staff cabins	13
Crew and staff capacity	23

Propulsion system	2 x diesel engine with fixed pitch propellers
Propulsion engine power	2 x abt. 2350 kW
Maximum speed	17 kn
Nautical range	5000 nm at 12 kn
Generators	3 x 430 kWe
Bow thruster (super silent type)	1 x 300 kW
Stabilizers	2 pairs for at anchor stabilization
Max tender length	8.5 m

## VIEWS STRIKE AT FIRST SIGHT

---

Advanced technology and well-established heritage combine with architectural touches throughout the 6-deck yacht. Folding-out terraces and wide panoramic social alfresco areas offering unparalleled views are shadowed by removable awnings and recall the comforts of a mega-yacht. Solar panels embody the quintessence of design as the perfect combination of shape and function.

## RELAX. IT'S ONLY MAGIC

Social areas are provided on every deck. On the wheelhouse bridge guests can relax on the C-shaped sofas after, sit on the stools around the bar counter in front of a large pool while enjoying an amazing view yet protected from the sun by the peculiar solar-paneled roof.

WHEELHOUSE DECK (left) AND MAIN DECK (above)

LIVING ROOM MAIN DECK

## INTERIORS OUT OF THE BOX

On the main deck floor-to-ceiling windows brighten the generous living whose style recalls the subtle architectural touches of a sophisticated home. A luxuriant winter garden surrounds the scenic lift in the wide lobby.

WIDE LOBBY MAIN DECK

# A PRIVATE ISLAND

OWNER'S STUDIO

The upper deck is exclusively conceived for the owner. His apartment includes a gym on a sheltered terrace with sea view, a studio and a private terrace forward. Large windows open up the view further to the sea. Two stairways on both sides of the main deck lobby gives direct access to the owner's stateroom from the helipad.
