MIRAGE - 106m LUXURY MOTOR YACHT - designed by VAN GEEST DESIGN specially for FINCANTIERI YACHTS

FINCANTIERI YACHTS, TECHNOLOGY OF BEAUTY

Fincantieri yachts are products of outstanding quality. They are the final result of a special synergy of advanced technical, design and construction capabilities, perfected over more than two centuries of experience building all types of oceangoing vessel. We infuse into every yacht the passion for quality and a keen eye for detail stemming from the experience of generations of skilled engineers, craftsmen and leaders that are the Fincantieri team. They operate together in sophisticated yards like Muggiano supported by the world's finest yachting subcontractors.

Vessels are designed and constructed with precision under the watchful eye of skilled project managers, combining the best design and production techniques with managerial expertise at the disposal of discerning owners who seek excellence, in an open and proactive interaction that is pleasant, flawless and rewarding.

VAN GEEST DESIGN, DISRUPTION OF EXPECTATIONS

The Van Geest Design team has worked on numerous illustrious projects ranging from 10 meters up to 95 meters in length.

Principals of the company, Pieter van Geest and Tracey-Jayne Canavaggio have a combined 35 years of experience in the design field. Their talents lie in exterior and interior yacht design as well as furniture design and project management. With their extensive knowledge and experience in shipyard production, project management and owner's representation, they maintain not only an artistic, but also a practical hands-on approach to design.

For MIRAGE, after extensive research on glass specifications and capabilities Van Geest Design has created this design. The glass with its visual effects combined with the overall shape of the yacht lead to this extraordinary result.

in what we do*

MIRAGE

ILLUSION BY REFRACTION OF LIGHT

Length overall	106 m
Max beam	15.2 m
Full load draught	4.25 m
Gross tonnage	4200 GRT
No. of decks	6
Owner and guests cabins	7
Owner and guests capacity	14
Crew and staff cabins	17
Crew and staff capacity	29

Propulsion system	2 diesel engines driving fixed pitch propellers
Propulsion engine power	2 x abt. 3440 kW
Maximum speed (100% power)	abt. 19 kn
Nautical range at 14 kn	abt. 5500 nm
Generators	4 x abt. 465 kW
Bow thruster (super silent type)	1 x abt. 300 kW
Stern thruster (super silent type)	1 x abt. 200 kW
Stabilizers	2 pairs fixed – at anchor stabilization
Max tender length	10.5 m

“THE CHALLENGE IS NOT TO
CREATE SOMETHING DIFFERENT,
BUT SOMETHING UNIQUE IN ITS
PHILOSOPHY AND EXECUTION”

Mirage is the translation of our city landscapes, sky scrapers, gigantic, present, anchored, but then again cladded with reflective surfaces, blending into the landscape, merging with its environment, giving lightness to the building, an elegant presence embracing its surroundings.

Present on the water un-accessible with a closed transom, one can only board in by invitation. It is a retreat made discreet by its reflective surfaces blending on the horizon, with its decks disappearing between water and sky. Unfolding itself, Mirage tells a story of time, reflecting the day passing by on a coloured reflective surface offering a peaceful gaze on the travelled distances. Bridge deck forward the area has been designed as a gathering point, interacting with the captain, discussing the next destination while looking forward.

BEGINNING TO SEE THE LIGHT

Top deck forward is a pure fun area designed with a tub, bean bags with an open view, a reversed theatre on the roof and its unfolding outdoor cinema. Aft, the Helicopter landing platform giving the ultimate freedom of movement.

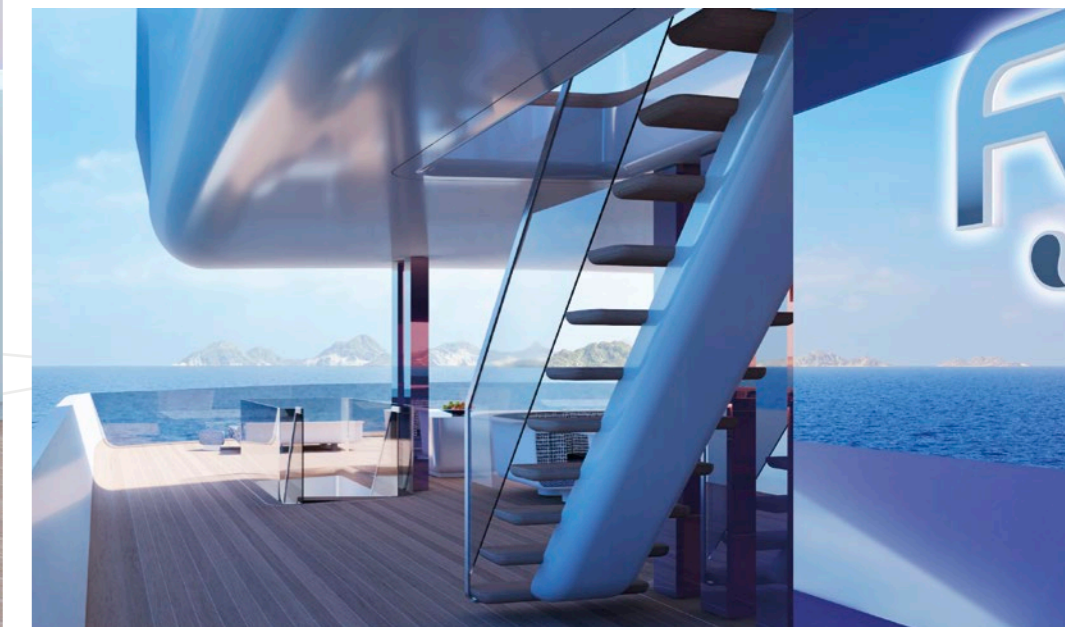

MAIN DECK AFT

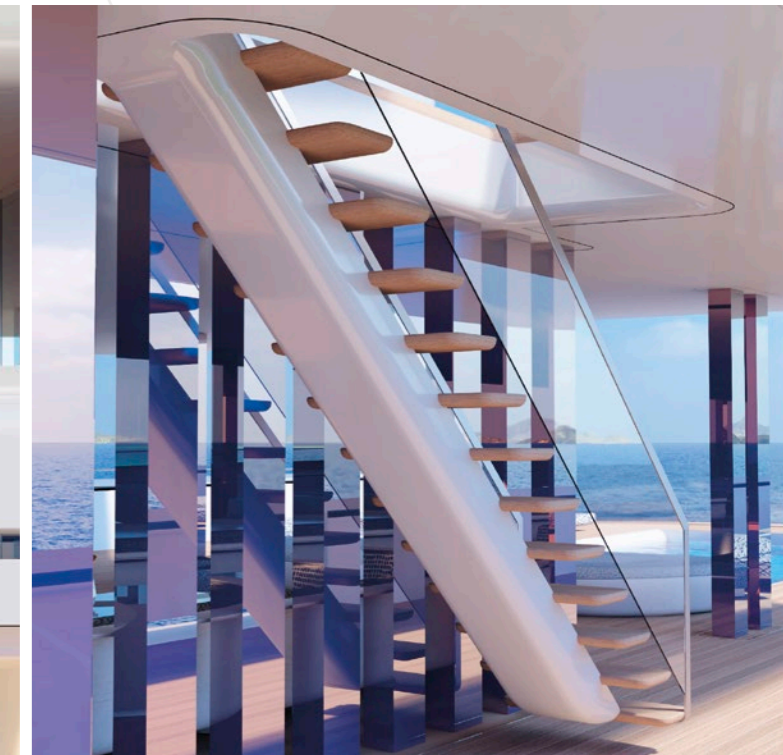

A HEART OF GLASS, A KALEIDOSCOPIC SOUL

The main Deck is dedicated to guests with forward cabins and aft entertainment areas. The aft full beam glazed balustrade opens the deck to its surroundings. The Owner's deck is designed for privacy with an amazing all-around view. The Owner's stateroom located forward is with a sheltered exterior deck area; aft a family saloon with the yacht signature full beam glazed balustrade.

EVERYTHING IS CRYSTALLINE

The Guest circulation is designed in a central core, from the water line where guest board the yacht to the Heli-pad. On the water line from the centre, a glass corridor goes through the engine room leading to a full beam Spa, where all areas are dressed in graduated electric privacy glass.
